SYNOPSIS

Phyllis Castleman, at her betrothal to Lord Burleigh, secretly meets her former lover, Rupert Huntley. After his taunting, a gypsy's prophecy, and an image casting a spell over her, she tears the pearls, Lord's Burleigh's gift, from her neck, and hides them in the image by means of a hidden spring.

A century later, Phyllis and Kitty Aldrich, Carolyn Alexander, Phyllis' friend, and an aunt, live in this same house. Phyllis and Kitty, much against the aunt's will, go to work. Phyllis has rejected the love of MacDonald Dunbar because he has no purpose in life. Dunbar takes charge of a newspaper office. The loss of his fortune was caused by Fredericka Farr, aiding Carter, a politician in search of an office. Donovan, an Irishman, has romantically met Kitty, and they fall in love. His father had been ruined by Carter, whom Donovan recognizes and exposes. Carter has tried to buy the Clarion, but as he is found guilty of the Donovan affair, he is forced to meet the Clarion's demands.

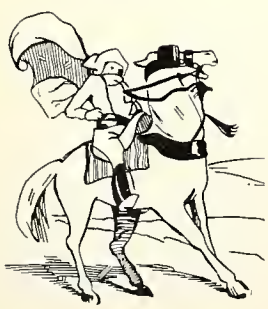

Belinda, the maid, knocks over the image and touches the hidden spring. The pearls fall out. Phyllis sells them, buys the controlling interest in the Clarion, then asks Dunbar to marry her. The love affairs of Terrance and Kitty, and John and Carolyn also turn out romantically.

SYNOPSIS

Mary Abbey, a young wife, tired of housework, wishes to get her old job back, and to have her mother keep house for her. But her husband, Billy, disapproves, as he thinks Mary has an easy job. As he is out of work and discouraged, he and Mary decide to change places for a week. Billy learns, through many sad mistakes, that housework is not so easy after all, and Mary, after three days of walking the streets and attending movies until time to go home, realizes that Billy also has something to complain about, and even longs for the despised housework. Mrs. Berdon, Mary's mother, and her grandchildren, Bobby and Dolly, who are holy terrors, are spending a few days with the Abbeys. Dolly wears Mrs. Berdon's diamond ring, and when it slips off her finger, the goose which Katie, the maid, is going to kill for dinner eats it. The children are too frightened to tell what has happened, so when the ring is missed, an unknown man is suspected who has been watching the house ever since Sally Carter, Mary's friend, came for a visit. Murphy, the policeman, who is in love with Katie, chases the man but he gets away. Murphy and Danny Grubb, the iceman, are rivals for Katie's affections. Burt Childs, Billy's friend who is also visiting the Abbeys, falls in love with Sally, but he knows he has no chance, and he agrees to help her bring Mary and Billy back together. They decide that the best way to do this would be to make them jealous. So Mary makes love to Burt in front of Billy, and when Sally tells Billy this is only a plan to make him jealous, he pays no attention. Harry Carter appears and Sally introduces him as her husband. He is recognized as the suspected thief of the ring, but it is found in the goose when Katie kills it for dinner. Then Dolly confesses her part in it and Harry is cleared. Billy and Mary are reconciled when Billy admits that the housework is too much for him, and when Mary discloses the fact that she has not had a job at all. Everyone is happy and Mary swears that she will love and obey and never again complain about the housework.

Junior-Senior Reception 1930

The Junior-Senior Reception was held at Hedgelawn, west of Pendleton, on Saturday night, April 12, at 7 o'clock. The large dining room was furnished with two long tables for members of the two classes, and a smaller room at the end held one table for the faculty and other guests. Each table held a large bouquet of American Beauty roses, the Senior Class flower. The nutcups and placecards were blue and white, the Junior colors. Blue and white balloons, tied with black and white ribbons, the Senior colors, were given as favors. The Senior prophecy was read by the Junior president, Marguerite Ham, and in response, the Senior will was read by the Senior president, Paul Cole.

The guests included Trustee and Mrs. Walter Hays, Mr. Elbert Ewing, Mr. and Mrs. Floyd T. Walker, Mrs. Marie McCarty, Miss Esther Pearson, Miss Lucile Clymer, and the Junior and Senior classes.

Senior Prophecy

Markleville, Indiana, November 8, 1941.

Dearest Ruth:

I read about you and your success in the paper and it has given me a desire to visit with you once more on paper. Success as a dancer does not come at once and after spending eight years preparing yourself for that vocation I feel you should receive my congratulations. You always were an excellent dancer and I was not much surprised to hear that your dainty feet had carried you on to success.

Perhaps since you are so far away from home you would like to hear the latest news about your former school mates and friends. We have a new minister at our church now. His name is Robert Allen Boram. He recently was graduated from Earlham College and he is now started on his clergical career. He is such an ardent hater of the fair sex, as you know, that we are all wondering what he will do with the Ladies' Aid Society.

Lowell Barnett went to Washington this fall as Congressman from the Eighth District. He was elected by a large majority. Isn't it strange how all these little people are always so brainy, wise from the top of their head up?

The pupils of the high school are being vaccinated this week by Dr. Naomi Conner and her assistant from Muncie. She is still the same "Nemo," ready to serve with a smile, and in a pleasant way takes care of herself. She is the type of woman who keeps her head in the crisis and tells you what to do.

I see in the Indianapolis News where Eugene Seward is staying over at the Indiana and will appear tonight for the fifth time. He is a talented producer of bum noises on the piano. He hopes some day to lead the famous "Rubber Band."

Lowell said he saw Gale Stohler in Washington. He is the chief accountant at the First National Bank. It has been said he can produce tolls of bills where Murdock, the magician, can't conjure out a penny.

I attended a social at Ovid the other evening and whom should I meet but Eugene Moneyhun. He holds the record for dress suit affairs and formal parties at Ovid. Bespangled and in tights, we'll soon hear of "Zeke" as chief contortionist with Robinson Bros. one of these days. He had his watch stolen the other night and he hired Laurel Blake, chief detective of Markleville, to find it for him. It has not been recovered yet but "Burke" has several clues, and after he has followed them all up, we expect to hear that the watch has been found. Laurel doesn't have to pay income tax yet, but from a little spark may burst a mighty flame. If pretending counts he will make a mark some day.

I saw in the New York Times that Marguerite Ham has been offered ten thousand dollars a year to take Dorothy Dix's place as Philosopher of Modern Love Problems. I think she would make good at it since her good looks has carried her so far in the realms of love. People around here think that personal experience qualifies her for the position.

I also saw where George Shelton's latest book is coming off the press next week. He is a writer that even critics dare not criticize, a coming Jack London who disdains to recognize any save the male sex and sometimes not even them.

The court is in session this week. They have several divorce cases to settle. Ward Cole, now the most prominent lawyer in Markleville, has been hired by every woman

who is seeking personal freedom. His good looks and pleasing appearance before the jury, always win the case. He has had a few cases where he has gained an estate for the lawful heir. His clients say he is the kind of a lawyer that receives the estate from the enemy but keeps most of it for himself. One of the divorce cases proves to be between L. M. Titus and his wife. L. M. is the backbone of the high school faculty this year. As a thinker he is in a class all his own. The students say he wears the owl's expression, but I've heard it said that nothing was lost by being wise.

I went to Indianapolis last Saturday and got myself a new Williams Permanent. The originator herself gave it to me. I surely was surprised to see Cophene walking out of the supply room with her implements. She has kept her winning ways, and her steady and industrious habits will some day place her on the top round of the ladder of success.

She told me Fred Cooper is attending the University of Iowa. The big, tall Hoosier divides his time between football, debating, and joy riding with the coeds. He is especially successful in the last of these three lines. He intends to go to work when he graduates if he cannot find anything better.

I saw Vivian Hudson in Anderson a few days ago. She is a stenographer at Delco-Remy. She has broken all records when it comes to making a typewriter talk. Her boss has put this tag on her: "Appreciate this specimen for it is rare."

I attended the football game between Northwestern and I. U. two weeks ago last Saturday. Whom should I spy leading the big eleven out on the field but Hanley J. Anderson? He didn't walk a bit prouder than he did when he was coach of the Arabians. One of the students said he was working for his Ph. D. His motto is: "Set not your pace so fast, for haste makes waste."

Mrs. McCarty is now residing in Berlin, Germany. Her daily task is soothing the former Kaiser's troubled conscience with her sweet melodies. She is taking a post-graduate course in fine arts but she has found her chief pleasure in music.

I see in the Detroit paper that Professor Walker is Superintendent of the Woodard Ave. Schools. He still advocates that lessons are assigned to be studied. Like the lights of the city, we saw his true worth when he was gone. None but himself can be his parallel.

I had a letter from Miss Harness the other day. She is teaching mathematics at Chicago. She is still the gentle, unassuming person who is content to do her share of work unrecognized. She is a noticeable teacher who has caused many a man to fall.

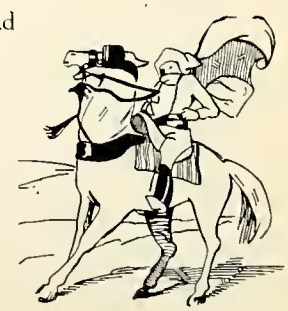

Miss McClung has been transferred with a big promotion from Markleville to Associate Professor of Latin and German in Cornell University. Her charming personality has won for her the love and confidence of the student body. Her motto is: "Apply your mind to something."

I must tell you about Cletis Bronnenberg before I sign my name. He started out on a different order than most of us did. He chose matrimony. His first wife had land, and at her death he fell heir to all her property. This gave him a good start and with two more wives departed from this happy life, he is considered quite wealthy. He is lucky, unlucky, or both, and we don't know which.

I sincerely hope this long letter doesn't tire you, and again I wish to congratulate you upon your success.

Your affectionate friend, Martha Belle.

P.S. I almost forgot to tell you that I am still teaching at Fall Creek Heights and living alone in luxury. Yours, M. B. S.

Second Row—Davis Williams, Harper Rector, Lowell Barnett, Arthur Hudson, Charles Guenther, George Shelton, Myron Bond, Robert Collier.

HAROLD ANDERSON

Our Coach! Admired by his team and school alike. Mr. Anderson is indeed a competent instructor in athletics. He is liked by everyone and is a true friend to his team into which he instills a lot of the spirit shown in various games. Since he has had three years' experience in basketball at Indiana University, we can truthfully say he knows the technique of basketball.

LOWELL BARNETT *"Odie"*

Barnett played forward in a wonderful manner. He is a curly headed, clever player and was able to fool his opponents either on offense or defense. He often broke through the opponents' defense for points when they were most needed. He was high point man of the year besides being an excellent shot from the foul line. He has played his last year for the purple and white and we certainly will miss him.

L. M. TITUS *"Grubbs"*

He is a varsity man that we will be sorry to lose. An accurate eye for the basket and excellent floor work has made him valuable offensively. Besides being a dependable guard, he has also been a valuable forward and was one of the season's high point men. During his four years of play he has contributed much to M.H.S.

LAUREL BLAKE *"Burke"*

Blake has been a very reliable man under the basket and could always be relied upon to get his share of points. With his height and ability to guard he has been successful on our defense. We are sorry he is one of our Seniors and, but for his sickness prior to the sectional a different ending might have resulted. He likes his fun as well as rough play.

GEORGE SHELTON *"Cornie"*

"Cornie" has played three years on Markleville's squad and during this period has proven a great success. Especially was this true during the Fortville and Eden games this year. Whenever he was sent in he always did his work to the extent of his ability. He cannot be with the squad next year because he will be lost by graduation. He has sure worked his "head off" for us for three years.

GALE STOHLER *"Stohler"*

"Stohler" was the forward who swished the nets so often from mid-court. He displayed great ability as an all round player, an example of this being the game against the "Silent Hoosiers" in which he scored fourteen points. He also finishes his career with the Arabian squad as he is a Senior. He had a peculiar and yet an accurate long distance shot.

ROBERT COLLIER *"Bob"*

Collier is an excellent dribbler and has a "dead eye" for the basket, especially from the charity line. He is our floor guard and one of the best Markleville has ever had. He is also very popular among the members of the team and he should prove to be one of the main cogs in next year's team. He was the center of this year's offensive system.

ARTHUR HUDSON *"Art"*

"Art" was the six foot boy who could play either center or back guard position. He was always fighting to keep the purple and white on top. With his size and ability he should prove a strong contender on the varsity next year. He has gained much needed experience this year.

CLEO PADGETT *"Pete"*

"Pete," a small but mighty forward, played on the second team part of the season, but later proved worthy of a varsity position. He is an exceptionally good passer and an excellent guard. With his ability and three more years to play he should develop into a star player. Here's hoping he keeps improving.

HARPER RECTOR *"Rec"*

Rector, another former member of last year's second team, proved a real surprise as a forward. He is a hard fighter and contributed much to the success of the purple and white. He is a fine sportsman and always ready to stand behind his team mates. "Rec" has one more year to play and much will be heard of him then.

CHARLES GUNTHUR *"Charlie"*

Charlie, a fortunate find from last year's second team, earned a place as a member of the first ten to go to the sectional tournament. He is just a Junior and we are expecting a lot from him next year, as he should help build up a good team. He is sure to grow some more, then watch him take that tip and hit that basket.

DAVIS WILLIAMS *"Dave"*

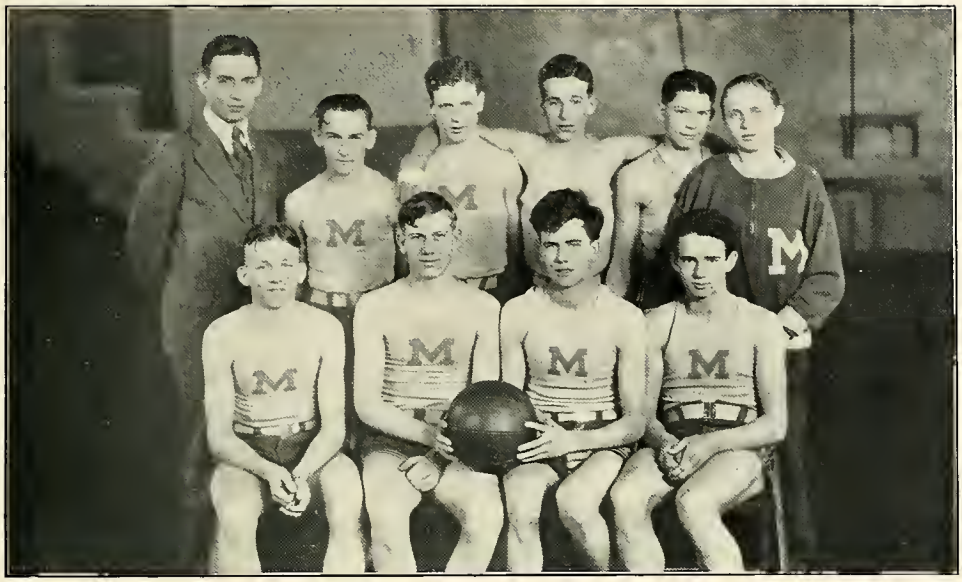

"Dave" plays guard or forward. He played in some second team games in which he gained experience which will be of great value to him next year. He is a fast, deceptive dribbler and is always ready to put up the "old fight." We will be watching him next year as he is just a Junior and has just started growing.

MYRON BOND *"Dirt"*

Just a "Sophomore" but he ranks among the high scorers of the season. He proved to be a heady, defensive man and a real surprise in the way of a guard. He has two more years and we are expecting a lot from him. He is one of our best long distance shots and is an unusually good jumper.

Back row—Mr. Anderson, coach, Arthur Hudson, Richard Mace, Floyd Delph.

BASEBALL RECORD

September 10. First home game of the season with Lapel. They won—but what a victory! Cole started in the box with Kirby relieving. The score ended Lapel 5, Markleville 3.

September 17. Frankton (there). After 7 long innings they conquered the locals 7 to 4.

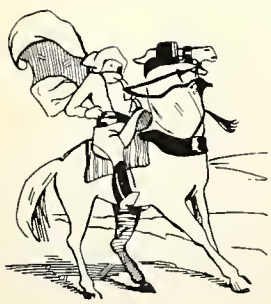

September 19. Summitville (here). Hurrah! We won! Knocked Payne (no-hit star hurler) out of the box to win 5 to 0.

September 24. Lapel (there). The locals turned the tables to win by a score of 5 to 4. The score was 4 to 1 until the last inning, when the locals came back to win 5 to 4.

October 1. Summitville (there). The "Goblins" reversed the trick and they won after an argument by a score of 3 to 1.

October 3. Frankton (here). Probably the best game of the season that was played on the local diamond. Also it was the last game last fall, and we won by a 5 to 3 victory. Yea! Rah! Team!

Spring baseball will depend entirely on the weather, and we hope it will be fine for we have a return game with Pendleton here to play.

Arabians---Girls

Second Row—Maurine Rosenfeld, Ella Florence Noland, Helen Williams, Thelma Dudley, Coach Harness, Cathern Hayden, Wanda Collier, Constance Lewis, Irene Whetsel.

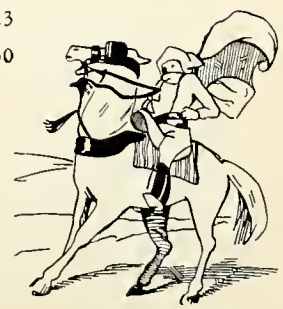

RECORD FOR YEAR

The Arabian Girls have concluded a successful season this year, having won three of the five scheduled games. The team will lose two of its members this year. They are Vivian Hudson and Martha Belle Shaw, both guards.

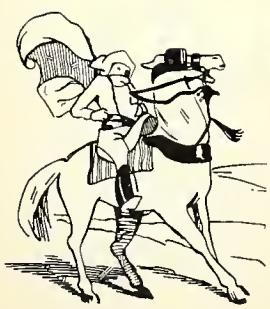

Miss Harness has shown excellent abifity in coaching and has proved to be a great help to the team. We (the team) certainly appreciate her helpfulness and patience throughout the year.
